U.S. Geological Survey

Friday, May 2, 2014, at 1:30 p.m.
366 Senate Dirkson Office Building
Washington, D.C.

Congressional Hosts
Senator Charles E. Schumer
Congresswoman Grace Napolitano

Partner Hosts
The American Society of Civil Engineers
The Association of State Flood Plain Managers
The Interstate Council on Water Policy

Water is key to life. Floods, droughts, pollution—all threaten our health, happiness and prosperity. Streamgages provide critical information that the public, emergency responders, and resource managers need to protect, manage, and sustain our Nation's surface waters. Come hear how the U.S. Geological Survey and its partners are helping.
