

Pre-Solicitation Notice for Landsat Mission Operations (LMO)

This synopsis is a Pre-Solicitation Notice and not a Request for Proposal (RFP). The Department of the Interior, U.S. Geological Survey (USGS) has a requirement for Landsat Mission Operations (LMO) to provide both the development and operations of the Landsat 9 mission operations center as well as operations of Landsat 8.

The Government anticipates an award of a performance based Cost Plus Award Fee type contract. Actual contractor performance is estimated to begin during the first quarter of calendar year 2017 and will continue for a period of potentially 8 years.

The draft RFP may be issued ***around*** September 2016 with a final RFP to be posted ***around*** November 2016. Interested parties may obtain a copy of the RFP electronically at <https://www.fedconnect.net> when posted as RFP G16PS00176. This requirement is being issued as full and open. USGS will not accept unsolicited proposals related to the subject of this announcement. USGS does not intend to pay for the preparation of any information submitted in response to this announcement. The North American Industry Classification System Code (NAICS) 541330, "Engineering Services". The size standard for this NAICS code is \$15 million.

The draft solicitation, all related documents and amendments, if any, will be released and available electronically through FedConnect posting systems at <https://www.fedconnect.net>. Documents can also be obtained via the Reading Room located at https://www2.usgs.gov/contracts/acq_opp/EROS_index.html

As such, no written, telephonic, facsimile or email requests for the solicitation package will be honored. Since this solicitation will only be available electronically, it is solely the responsibility of interested parties to monitor the FedConnect website for any solicitation amendments. All responsible sources are encouraged to submit an offer.

Inquiries may be submitted via email to vfloyd@usgs.gov. Point of Contact: Vickie Floyd, Contracting Officer.

Please continue to watch for further announcements through FedConnect posting systems at <https://www.fedconnect.net>.
