Dr. McNutt,

Leads for the three teams are:

Reservoir Modeling Team Lead - Don Maclay - MMS
Nodal Analysis Team Lead - George Guthrie - DOE-NETL
Plume Modeling Team Lead - Bill Lehr

You may also wish to touch base with the following re funding - CAPT Gould, LCDR Kim Wheatley

All BP data requests to be coordinated through - David Rainey  

Peer review team not finalized. Possibly coordinate through William Rees. (DOE-LANL)

This Team Leads can put you in touch with the larger group of folks that are working on the different deliverables or are being considered for inclusion in the proposed work.

Thank You,

David M. Moore
