Suzette--are you okay reviewing this version? I'm assuming what Jess is saying is that it won't change substantively in the process of the EPN finalizing it... thanks

Judy...here is the final approved draft version of the report that Kathie Rankin approved and Becky Deckard of the EPN went over very quickly, at my request, to OK for sending out to you, Suzette, and others for the required final approvals. The EPN still needs to produce the final version for a more public release but they will be working on that concurrently. Becky...if you have anything else to add feel free and thank you for the quick cursory review....Jess

Kathie,

Attached is the final Sand berm doc and manuscript routing sheet. I am requesting priority review as this is a very time sensitive issue.
 There are 7 emails in total (large files so I broke them up) with peer, PSC, and comment reviews. I'm in an all day meeting here in Mobile, but will be checking my email today if there is a problem.

Jack
