Anne-Berry Wade, Dawn L Lavoie, Jess Weaver, Jack L Kindinger,
Cc: Michael E Hutt, Judy J Nowakowski, Marjorie S Davenport, Paul M
Young, Stephen E Hammond, Victor F Labson, Barbara W
Wainman, Suzette M Kimball

All,

I just talked with Jess and the doc is at the JIC waiting for approval. I was unaware of this requirement. I still think that if it is not posted today, but Tuesday, we need to decide if it is still relevant. Events may have already passed it by.

Jack

Hi all,
Don't forget this needs to have Suzette sign off and then Barbara will handle release thru the JIC or NIC (not sure which one) per HREC discussion on Wednesday.
Just a reminder.

Re: Getting the berm report online

Jack,

The GIRT has helped streamline the review process (Paul Young) and AB Wade is our POC for communications. I agree this report needs to be posted ASAP. Vic Labson had an open file report reviewed, and posted in less than a day. He may have some ideas.

Judy, Sonya and Marge may also be able to help.

I'm sorry I couldn't be of more assistance.

Mike

Re: Getting the berm report online

Mike,

We have written a report on the effects of the proposed berm construction.

It has Bureau Approval and is having the final formatting done right now. We think it is critical to get it on line. Can you help?

AB since Ann is at DOI can you help draft a press release, if appropriate?

Jack

Jack,

Thanks. I saw your email to Kay.

Mike's email is in the header. You can hit reply.

Perhaps AB's group can do a press release. I'll ask.

Thanks

Getting the berm report online

Dawn and Jess,

I'm still traveling working off my phone and can't readily stay on top of the berm report release.

I answered Kay's last questions and sent them to her yesterday. I received a reply that formatting would be completed this morning.

We need to get it up on the USGS public ASAP. I think we can enlist Mike Hutt (GIRT) to help. I don't have Mike's email.

Also do you think we need to do a press release?

Some thoughts while driving to airport,
Jack

Hi Judy. What was sent was a final approved draft suitable for sharing with OFA's etc. The EPN still needed to do some cleanup but not so much so that it shouldn't be shared as is. Does that make sense? Jess

Hi Jess

Do we have the final product? The last version I saw was the "final draft." I don't believe that has been sent to the JIC.

Thanks!

Jack,
Just to clarify. The report is already approved, but will be released through the JIC.
This step allows an organized approach to releasing information to the public.
