Room 2325  
Washington, D.C.

**Sponsor:** Congressman Doc Hastings, Chairman,  
House Natural Resources Committee

**Host:** Geological Society of America

**Refreshments will be served**

The Nation relies on oil and gas to power its economy, and unconventional gas is the fastest-growing energy resource in the United States. The U.S. Geological Survey is the authoritative, unbiased source for assessments of the world's oil and gas endowment. Come learn how these exciting new energy resources may contribute to the energy mix.
